Want twist? How about color? This solid black bull was coat color tested at UC Davis. He is black over wild-type, which means he cannot produce red! His full brother is solid brindle and his pedigree includes brindle animals top and bottom. This bull's dam, Better Day, is an 83" TTT, twisty granddaughter of both Overhead and Jamakizm. His sire, Big Red HR, is a son of the great LLL Rosemary cow and full sibling of 90" TTT HR Slam's Rose and 2017

TTT: 40.1250 on 05/09/2020
